WASHINGTON, June 13.—A new and voluntary NRA extension bill was passed by the Senate early today and sent to the House, where it is assured speedy and favorable action.

The measure, as drawn and passed in the Senate, provides:

1. Extension until next April 1, of the structure of NRA.

2. Repeal of the president's power to prescribe codes of the old, compulsory type.

3. Exemption of anti-trust laws to business and industry coming under the new voluntary agreements which replace the codes of old, goes only so far as is necessary to permit necessary organization into the agreements.

Under the new voluntary structure, price fixing and loss leaders are "out" according to expert interpreters.

Long's Filibuster Ends

The new measure was passed in the Senate after Senator Huey P. Long (D) of Louisiana, wearily gave up a fight to kill all NRA extension measures or compel acceptance of a provision which would have re-

PA NEW OBSERVES

A short time after workmen completed oiling East Reynolds street, yesterday afternoon, one motorist experienced an unusual incident which nearly resulted in an accident.

The autoist was driving towards South Mill street, off of East Reynolds street. The wheels of the auto skidded as the brakes were applied, the car turned around and just missed crashing into St. Nicholas church, corner of South Mill and East Reynolds streets.

Motorists operating up and down Jefferson street, near the corner of East Falls, had a difficult time to avoid running down a black cat last evening. Several near collisions occurred as the motorists swerved to avoid the ebony feline, which finally made its way to safety.

Many fine compliments have been heard about the beautiful appearance of the grounds surrounding the Legion Home. This is the handiwork of Harry Lach, the caretaker, who takes great pride in keeping the grounds in beautiful shape and he certainly has done a splendid job.

Early this morning the South Side Board of Trade concert band, under the direction of Anthony Basile, serenaded members of The News staff with an appropriate selection. The

By a dramatic coup during an otherwise routine session, senate Democrats forced insertion of amendments to the Stevens bill doubling the gas tax boost the measure carried and agreed to bring the revised measure to a vote as special order of business on Monday.

Averting Coal Strike Is Up To President

(International News Service)
PITTSBURGH, June 13.—The only hope of averting a strike of some 400,000 miners, 60,000 of them in Western Pennsylvania district, was through presidential intervention, observers believed here today.

The walkout is scheduled for next Sunday at midnight. Thus far there has been little indication that President Roosevelt would take a hand in the matter. There was also faint hopes that the Guffey-Snyder bill would go through congress in time to stop the strike.

All coal mines were working at full blast to get as much coal above

ground for delivery as possible before the walkout. Two rallies of the United Mine Workers of America are set for Saturday at Waynesburg and at Pricedale at which P. T. Fagan, head of District No. 5 of the union will speak. William Hynes of Uniontown will be another speaker.

Thousands of miners from the Fayette county coke districts and mountain mining towns are expected at the Pricedale meeting. James H. Jones will be the master of ceremonies.

House

TOMEIO DENIED HE
WAS NUMBERS MAN

After deliberating less than two hours the jury trying Joe Tomeio of Ellwood City for conspiracy, in connection with the numbers raid on the Lennox Club, returned a verdict of "Not Guilty," and the county to pay the costs. The jury retired about 5:15, had supper and arrived at a verdict at seven thirty, Wednesday evening. The verdict was sealed and opened this morning at the convening of court.

Tomeio was a lone defendant in a group that was originally charged with conspiring. Of this group Earl Shoaf and Sam Creel failed to show up for trial. Sam Baruso alias "Buffalo Joe" Paul D'Anna and Edward Tinstman pleaded guilty.

Tomeio's defense was that he was not a member of the Lennox Club, was never there but once before, and that on the day of the raid was to meet his brother in the club and as he was going up the stairs a negro asked him to hand an envelope to the proprietor. The envelope contained a few number slips and 28 cents in cash.

Takes The Stand

Tomeio took the stand in his own behalf and testified that he was employed by the Ellwood City Ice Co. and that on May 3, he and Andy Fleisher had gone to Youngstown, O., to look for some part for an automobile. Tomeio said he had arranged to meet his brother in the Lennox Club in New Castle.

The men got back to New Castle about 1:30 and Tomeio left his companions for a few moments to look for his brother. He walked into the entrance of the Lennox Club where a negro asked him to take an envelope upstairs. Tomeio walked up, the door opened and he claimed he was caught on the hand and pulled inside where officers arrested him.

Andy Fleisher was called to corroborate Tomeio's story and did so. Character witnesses were then called to testify to Tomeio's good character in Ellwood City. SUNDAY MOVIE BILL MAY PASS

Amendment On Vote Seen

Would Make Local Referenda Permissive Instead Of Mandatory

By JOHN W. SCOTZIN
International News Service Staff Correspondent
(Copyright, 1935, By International News Service)
HARRISBURG, June 13.—Senate approval of the Sunday movie bill today hinged upon insertion of an amendment making the local referenda permissive instead of mandatory this fall, an International News Service poll of the upper chamber revealed.

A bloc of at least half a dozen votes, mostly from Democrats, will swing into line for the measure, already passed by the house, if the amendment is incorporated in the bill assuring its passage.

All indications pointed to senate acceptance of the amendment, which will be offered today or next Monday by Senator Glen R. Law, Mercer Democrat, to insure passage of the administration-proposed amendment taxing the gap in the budget. Large theater owners were understood to be willing to withdraw objections to the levy if machinery is provided for removing the Sabbath ban.

The proposed amendment, instead of automatically putting the question of legalizing Sunday movies on next November's ballot, would require that citizens petition for a referendum on the subject if it is to be placed on the ballot.

The bill was back on the senate calendar, up for second reading. It was expected, however, that the measure would not be called up until Monday under an agreement among senate leaders that no controversial items should be acted upon today.

The poll of the senate on the movie bill shows at least 20 votes for the measure with the mandatory referenda feature and probable support from another half dozen or more senators if the permissive local option plan is inserted.

Proponents of the measure divided the senate into the following groups:

How Senators Stand
For the bill in any form—Senators Aron, Cavalcante, Coyne, Frey, Harris, Harvey, Howell, Huffman, Hunsicker, McClure, McCreesh, McGinnis, Miller, Pytko, Rupp, Salus, Shapiro, Sordani, Trainer and Ziesenheim. Total 20.

Against the bill in any form—Senators Batchelor, Bean, Bennett, Buckman, Chapman, Clark, Ealy, Gelder, Graff, Homsher, Lanhis, Mallery, Norton, Owlett, Pierson, Prince, Reed (Dauphin), Reed (Washington), Rice, Sones and Thompson (Westmoreland). Total 21.

For the bill with permissive referendum—Senators Baumer, Kahle, Law, Rankins, Roberts, Rodgers and Staudenmeier, Thompson (Centre). Total 8.

Uncertain—Senator Woodward.

JURY FREES TOMEO IN NUMBERS CASE

(Continued From Page One)

A. W. Siriano, an instructor in the Ellwood City High School, William Pitts, county treasurer and Charles Demas a business man, of Ellwood City.

Call Janitor
The defense then called Raymond Thompson, janitor of the court house who testified that he had bought numbers at various times from Sylvester Conti in the corridor of the court house and in the sheriff's back office. He said that the numbers were bought in the presence of Tommy Jenkins, a brother-in-law of the sheriff and one of the deputy sheriffs.

In rebuttal Sheriff Pritchard was recalled and said that some time before the raid on May 3 chief deputy Benjamin Hartland had told him he was suspicious of activities of Sylvester Conti who was around the sheriff's office almost daily. Hartland said he thought numbers were being sold around the court house and Pritchard then issued orders that Conti was to stay away from the sheriff's office. Conti has not been back since.

The sheriff said he had no positive evidence that Conti was selling numbers, in explanation of why he had not arrested him. He explained that Conti was a friend of his brother-in-law Tommy Jenkins and he had assumed that he was a genuine friend of his (the sheriff's) also.

In his argument to the jury Attorney John S. Powers called the charging that certain writers were not motivated that the sheriff's back office was used as a number station and that the arrest of Tomeo was an injustice to a decent young man whose reputation was of the best.

In his argument Attorney W. Walter Braham, for the commonwealth called the numbers racket a parasite which was ruining a lot of young men who were making a little money selling numbers. "The fact that human beings have a little gambling instinct in them is not to be wondered at," said Braham. "Friends get together for a friendly poker game and play among themselves but here we have a racket that has developed into a business."

He said whoever broke up the racket did a good service for the community and for the young men who were engaged in the racket. Arguments were concluded about 4:45 o'clock.

Appeal For Guffey Bill

Washington, June 13.—Fighting to avert the threatened strike of 400,000 bituminous coal miners June 16, sponsors of the Guffey coal bill today planned an appeal to President Roosevelt to speed passage of the measure in the senate.

Immediate action on the bill was blocked by "must" legislation of the senate calendar. It is scheduled behind the social security bill, the next business of the senate. Sponsors of the bill said they would ask the president to place it ahead of all other legislation. Representatives of the United Mine Workers and a delegation of senators from mining states plan to call on the president.

Senator Neely (D) of West Virginia, predicted a national disaster if the bill is not passed before the strike is called.

"The strike," he said, "in addition to bringing misery and bloodshed to miners and their families, will tie up the nation's soft coal supply and other allied industries for an indefinite period that might bring disaster to the country."

The bill would create a "little NRA" for the bituminous coal industry. It would also appropriate \$300,000,000 for the purchase of marginal coal land to be held as a national bituminous coal reserve.

WALEYS ARE HELD; STRONGLY GUARDED AT OLYMPIA, WASH.

(Continued From Page One)

shals, armed with machine guns and revolvers, are keeping a careful watch over the pair who assertedly admitted participation in the celebrated Weyerhaeuser kidnapping case.

The Waleys—cocky, sorrel-topped Harmon, 24, twice an ex-convict, and an "admirer" of Bruno Richard Hauptmann, and blue eyed pretty Margaret, his 19-year-old wife—arrived here last night aboard a specially chartered airplane from Salt Lake City in the custody of G-men.

Twenty minutes after their arrival here, their old home town, the Waleys were standing before U. S. Commissioner H. G. Fitch on the third floor of the federal building.

A hushed crowd listened as Fitch read the charge against them—the charge of abducting nine-year-old George Weyerhaeuser and collecting \$200,000 for his release. The charge that may send them to prison for life.

Plead "Not Guilty"

E. J. Connelly, ace man hunter of the department of justice, who obtained a confession from the Waleys at Salt Lake City, was astounded when the young couple entered pleas of "not guilty."

Owen P. Hughes, assistant U. S. attorney, who had drawn up the complaints, likewise was surprised, as it had been thought the Waleys were ready to "take the rap."

Hughes and Connelly went into a conference and then Hughes requested that the commissioner set \$100,000 bail apiece on the extortion charge. Commissioner Fitch concurred to the request and the couple smilingly replied they were "unable to meet the bail."

The huge bail on the extortion count was a mere gesture, however, because a moment later the commissioner announced he would commit the Waleys without bail into the custody of the U. S. marshal pending action by the federal grand jury on the kidnapping charge.

The Waleys waived hearings pending the grand jury's action. It is expected that U. S. District Judge E. E. Cushman, veteran jurist of western Washington and Alaska, would call the grand jury into session soon to consider indicting the pair.

The next regular grand jury meeting is not scheduled until June 20.

Date for the Waley trial, it was said, probably will not be fixed until U. S. Attorney Charles J. Dennis of Seattle returns from an official visit to California.

Did Not Look Like Kidnapers
As the Waleys stood before the bar of justice they did not appear to be kidnapers. They looked more like kids listening to a justice of the peace reading a marriage ceremony. They affectionately held hands, smiled at each other and whispered in each other's ears.

Waley, handcuffed even in court, told his wife the words to utter when the commissioner asked for answers. When the pair returned to their seats in the courtroom, they kissed and asked the G-men if they were to be separated. They were told they would be sent to the same jail but held in solitary cells far apart.

Commissioner Fitch first addressed the young blonde wife when the couple appeared.

"Do you understand this charge against you?" he asked.

"No, I don't," the girl answered.

"Then I'll read the details of the charges."

After reading a lengthy accusation naming the girl as a party to the kidnapping and extortion of \$200,000 ransom from John Philip Weyerhaeuser, wealthy lumber baron, and father of George Weyerhaeuser, the commissioner asked the girl:

"How do you plead now?"

Waley, just a child, turned and whispered to his wife. She then replied in a clear voice:

"I plead not guilty and waive any hearing."

Commissioner Fitch then read a second complaint accusing the girl of kidnapping and transporting across a state line the boy victim.

Again Waley, still chewing gum, whispered to his wife for several seconds.

"If it's all the same to the court, I'll plead not guilty to that charge, too, and waive any hearings."

Commissioner Fitch then turned to Waley.

"You have heard both of these charges read to your wife. How do you plead to them?"

"I plead not guilty to everything," Waley shot back.

WOMAN IS VICTIM IN BRUTAL CRIME

er, Mrs. Eva Horn. Her father is dead.

Kunzelman had been "keeping company" with the girl for the last six months, detectives learned.

Threats Made.

Mrs. Eva Horne, mother of ten children, told detectives Kunzelman twice had threatened to "kill the whole family of Hornes," because the mother objected to the attentions he paid to Dorothy.

Kunzelman called for Dorothy early last night, the mother said. He came.

"Come on, Dot, we're going to burn up the town," he said.

Dorothy ran to his car. They called for a married couple, Mrs. Katherine Wilkinson and her husband. A tour of beer places began, police learned.

"It was about 1 o'clock this morning," Mrs. Wilkinson said. "Ray drove us home. He said he had ordered a case of beer from a man named Walter Jacobs and was going there with Dorothy to get it. That's the last I saw of him."

Jacobs said that Kunzelman came storming in the door, gun in hand, and demanded his purse. Jacobs said he handed over \$4 and that Kunzelman cursed him for not having more money. Dorothy, Jacobs said, he thought was sitting in the auto but unaware of the robbery.

"He said he wanted the beer. That's my business—a beer distributor—but I didn't have it," Jacobs said. He ran out to the car and I heard angry words between him and Dorothy.

Killed By Bullet.

From then on only mystery and faint clues confront the police. Dawn was just breaking when two men bound for work passed a little-used side road. Across a fence they saw the pitiful body of Dorothy, the head smashed, her lips swollen, bruises on her slender body and legs.

They called the coroner, who said she had been killed by a bullet fired close to her head.

Kunzelman has not been found. He was a rig builder but lately has been aiding his father, popular contractor.

Mrs. Horne told police: "I knew that Kunzelman was not divorced from his second wife and I didn't want him around Dorothy. He pulled a gun on me twice and said if he couldn't have Dorothy he would kill me and the other children."

"He did kill one . . . my Dorothy."

This government-by-telegrams can't last. Even timid men aren't scared the second time they hear "boo!"

The other room must have been mine, or it might have been Mrs. Mahan's. She was there all the time.

George was there several days, but I never saw him. I really felt sorry for the little fellow.

I only saw the part of the ransom money Harmon gave me. But I knew what it was and where it came from. I don't know where it was split.

Planned Long Time.

"You know Mahan had planned a kidnapping for a long time. He studied all the cases. The Bremer, the Lindbergh one and all of them. He said he had corrected all the mistakes other abductors had made and intended to make his the perfect crime. He said he wasn't leaving any loopholes to get caught."

There were only Harmon, Mahan, Mahan's wife and myself in the deal. There are no others.

We left Salt Lake City around April 1 and went to the northeast when Mahan promised Harmon a job. When we arrived we waited and waited, but Harmon never got any work. Then I learned of the affair.

I do not know who wrote the ransom note. I didn't learn a word about the case until the Saturday morning I told you about. After that Mahan and Harmon were pretty quiet around me.

band is playing in conjunction with the St. Anthony outdoor celebration being held on South Jefferson street today.

Two owls have made their home somewhere on the public square. Nearly every night they can be seen flying about the Diamond or perched on top of one of the telephone poles. Last night they kept continually sailing from one end of the Diamond to the other and around about midnight disappeared.

The water fountain on the Diamond was repaired yesterday and the repairs were welcomed by the citizens who wait there for the north hill bus. The fountain has been broken since a short time after it was placed there this summer.

Workmen began yesterday to smooth out the bumpy places along the Diamond. When finished this will make a great improvement.

**TWO-CENT GAS
TAX REVIVED**

(Continued From Page One)

istration forces stepped into the crisis which developed as the remnants of the relief-tax program were being sent down to defeat, endangering continuance of relief and threatening to prolong the session beyond next Friday.

To Fill Gap.

Together with a modified amusement-tax which also appeared likely to be revived and passed, the two-cent gas increase was estimated to fill the gap in making up a total of

\$130,000,000 in new revenue for the biennium. This figure is now virtually agreed upon by the administration and Republican senate forces as the amount needed to balance the budget.

Passage of the gas tax hike at the amusement tax in their revised form, according to estimates, would bring in \$49,500,000 during the biennium. Tax bills already enacted are estimated to raise \$81,000,000 during the biennium.

Decision to force a showdown new taxation, if successful, ends a battle which has stretched over months to balance the state's annual budget, the administrative spokesmen claimed. It does not, however, settle the problem of providing for the acute shortage of cash in the treasury to meet heavy expenditures during the next few months.

WATCH KIDNEYS SAME AS BOWELS

Wash Out Your 79,200 Feet of Kidney Tubes

Your bowels contain only 27 feet of intestines, yet the kidneys contain nearly 10 million tiny tubes or filters which would measure 79,200 feet if laid end to end. Therefore, it is just as important to watch the kidneys as the bowels. Kidneys are working all the time and are one of Nature's chief ways of taking the acids and poisonous waste out of the blood.

Healthy persons pass thru the bladder 3 pints a day and get rid of more than 3 pounds of waste matter. If you pass less than this, your 79,200 feet of kidney tubes may be clogged with poisonous waste. This is a danger signal and may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swollen feet and ankles, rheumatic pains and dizziness.

Kidneys should be watched closely and need cleaning out the same as bowels. Ask your druggist for DOAN'S PILLS, an old prescription, which has been used by millions of kidney sufferers for over 40 years. They give happy relief and will help to wash out your 79,200 feet of kidney tubes. Get Doan's Pills at your druggist. © 1934, Foster-Milburn Co.

HOFMEISTER-McBRIDE MARRIAGE WEDNESDAY

Charm and simplicity marked one of the prettiest weddings of the summer season on Wednesday, at 4:30 o'clock in the Edenburg Christian church, when Miss Bessie Hofmeister, daughter of Mr. and Mrs. I. M. Hofmeister of Edenburg, became the bride of Willis M. McBride, son of Mr. and Mrs. F. C. McBride of Hillsville.

Preceding the ceremony, Betty Jane Miller, of Youngstown, cousin of the groom, played violin selections, bespeaking the happiness of the occasion. Then to the strains of the Bridal Chorus from Lohengrin, played by Mrs. Clarence Jones, the bridal party approached the altar, embarked with ferns and palms, where Rev. H. D. K. Huber, of Low-ellville, officiating with the single ring ceremony, heard the exchange of vows.

The bride, who was given in marriage by her father, was lovely in a gown, fashioned of white lace, Princess style, with short train. Her long tulle veil was held in place by a cap of pleated tulle and lace, and she carried an arm bouquet of white Killarney roses and lilies of the valley.

The maid of honor, Miss Olive Hofmeister of Ashtabula, Ohio was attractive in a floor-length gown of pink chiffon, styled with a hip-length jacket, shirred yoke and puffed sleeves. Her large chignon felt hat with a butterfly bow of pink dotted net and other accessories, were of cornflower blue, and she carried an arm bouquet of pink pyrrhium and Briarcliff roses.

The bridesmaids, Mrs. Oliver C. Hofmeister of Ashtabula, were attired in similar floor-length gowns of cornflower blue chiffon, fashioned with a shirred bodice and long full-length sleeves and shirred cuffs. Their large chignon felt hats and accessories were pink, and they carried Dresden bouquets of Briarcliff roses. Little Mary Lou McGraw and Patty Mack, of Edenburg, as flower girls, wore dainty white dotted organza with sashes and hair rosettes of pink, and carried baskets of summer flowers.

Oliver C. Hofmeister of New Castle, brother of the bride, served as best man and ushering were John L. Hofmeister of Edenburg, another brother of the bride, and Linsie A. Mathews, of Ashtabula, Ohio.

The mother of the bride was attired in a suit of printed navy sheer with harmonizing accessories and wore a shoulder corsage of Tailsman roses. The mother of the groom wore a printed wine-colored chiffon suit with white accessories and a shoulder corsage of Tailsman roses.

Following the ceremony, the bridal couple received the congratulations and best wishes of their relatives and many friends in the church parlors. Later a wedding dinner for the bridal party and the immediate families was served in the dining room of the church. Covers were marked for twenty-one guests. Table appointments were in pink and blue, with a large wedding cake centering the table, and summer flowers formed a pleasing background for the occasion.

Mr. and Mrs. McBride are enjoying a wedding trip to points in New York State and Eastern Canada. For traveling, Mrs. McBride wore a black triple sheer suit with white accessories and a shoulder corsage of Johanna Hill roses.

The bride, who is a graduate of New Castle Senior High school, attended Slippery Rock State Teachers' College, and has been a popular teacher in the Hillsville School for the past nine years. Then to the strains of the Bridal Chorus from Lohengrin, played by Mrs. Clarence Jones, the bridal party approached the altar, embanked with ferns and palms, where Rev. H. D. K. Huber, of Lowellville, officiating with the single ring ceremony, heard the exchange of vows.

The bride, who was given in marriage by her father, was lovely in a gown, fashioned of white lace, Princess style, with short train. Her long tulle veil was held in place by a cap of pleated tulle and lace, and she carried an arm bouquet of white Killarney roses and lilies of the valley.

The maid of honor, Miss Olive Hofmeister of Ashtabula, Ohio was attractive in a floor-length gown of pink chiffon, styled with a hip-length jacket, shirred yoke and puffed sleeves. Her long tulle veil had with a butterfly bow of pink dotted net, and other accessories were of cornflower blue, and she carried an arm bouquet of pink pyrrhium and Briardiff roses.

The bridesmaids, Mrs. Oliver C. Hofmeister of New Castle, and Miss Anne Hofmeister of Ashtabula, were attired in similar floor-length gowns of cornflower blue chiffon, fashioned with a shirred bodice and long full-length sleeves and shirred cuffs. Their large chignon felt hats and accessories were pink, and they carried Dresden bouquets of Briardiff roses. Little Mary Lou McGraw and Patty Mack, of Edenburg, as flower girls, wore dainty white dotted organza with sashes and hair rosettes of pink and carried baskets of summer flowers.

Oliver C. Hofmeister of New Castle, brother of the bride, served as best man and ushering were John L. Hofmeister of Edenburg, another brother of the bride, and Linsie A. Mathews, of Ashtabula, Ohio.

The mother of the bride was attired in a suit of printed navy blue with harmonizing accessories, and wore a shoulder corsage of Talisman roses. The mother of the groom wore a printed wine-colored chiffon suit with white accessories and a shoulder corsage of Talisman roses.

Following the ceremony, the bridal couple received the congratulations and best wishes of their relatives and many friends in the church parlors. Later a wedding dinner for the bridal party and the immediate families was served in the dining room of the church. Covers were marked for twenty-one guests. Table appointments were in pink and blue, with a large wedding cake centering the table, and summer flowers formed a pleasing background for the occasion.

Mr. and Mrs. McBride are enjoying a wedding trip to points in New York State and Eastern Canada. For traveling, Mrs. McBride wore a black triple sheer suit with white accessories and a shoulder corsage of Talisman Hill roses.

The bride, who is a graduate of New Castle Senior High school, attended Slippery Rock State Teachers' College, and has been a popular teacher in the Hillsville School for the past nine years. The groom graduated from West Middlesex High, and is associated with the Hillsville branch of the Pittsburgh Limestone Company.

Miss Helen Jane Martin, daughter of Mr. and Mrs. E. Martin, of Edenburg, R. D. 1, became the bride of Francis Jacobson, son of Mr. and Mrs. Thomas Jacobson, Lowellville, O. R. D. 2, at a quiet wedding ceremony, performed by the Rev. F. D. McBride, at 10:45 o'clock Wednesday morning. The nuptials were read at the parsonage of the Mahoning United Presbyterian church.

The bride was attired in a pale blue dotted net gown with accessories in pink, and her flowers were a shoulder corsage of pink roses and valley lilies. She was attended by her sister, Doris Martin, who wore a pink dress with blue accessories and her shoulder bouquet was made up of rosebuds and sweetpeas.

Evelyn Jacobson, the groom's brother, served as best man. Later in the day a wedding dinner was served at the home of the groom's parents, with members of the immediate families present.

The bride is a graduate of the Union high school and attended Slippery Rock College. She is employed at the Economy Shoe Store here. The groom is affiliated with the R. D. Walters, Inc.

CLUB WOMEN TOURS McCREADY GARDENS

Mrs. J. C. McCreedy of New Wilmington received in a most gracious manner Wednesday afternoon as her guests, the East Side Garden club members. They assembled for luncheon at 1 o'clock, and later enjoyed a tour of her beautiful floral gardens, shrubbery patches, exquisite trees and bird sanctuary.

The hostess served those gathered a delicious menu, buffet style, from a table artistically arranged with handsome silver sets, and other appointments in keeping with the season. As each guest was cared for, they sauntered out onto the spacious patio, which is a bower of beauty with a wide variety of flowers, where they chatted away for an hour or two, on subjects pertaining to gardens.

Following a business period was called, with Mrs. Harry Sturdevant, president, in charge. Plans were completed for a visit to the East Brook Garden club on June 27, and announcement was made regarding the East Side Flower show postponement. The date has not been definitely decided upon. However, a committee comprising Mrs. C. R. Brenner, Mrs. James Kennedy and Mrs. Sherman Kitson was appointed to complete these arrangements.

Mrs. Brenner reported on the garden contests to be conducted in the East Side schools during the fall season. Many features for this project are being shaped up. A series of parties were outlined for the purpose of raising funds for the club treasury, the first to take place on Friday evening, June 14, at the home of Mrs. Earl McKnight on Adams street.

The regular program was dispensed with at this meeting, and the balance of the afternoon was spent entirely roaming about the grounds which was indeed a rare and memorable treat. They visited every nook and admired the clever and artistic arrangements of her numerous flower beds, that add to the beauty of the McCreedy residence. The birds protected on these grounds was of particular interest.

On Wednesday, July 10, the club women will enjoy a tureen luncheon at 1 o'clock, in the picnic grove of Cascade Park.

WEST SIDE GARDEN CLUB HEARS SPEAKER

A full attendance marked the meeting of the West Side Garden Club members Wednesday evening, at a tavern in New Wilmington, at 8 o'clock. Mrs. Paul Allen, president was in charge.

Following the business routine, their guest speaker of the occasion, Mrs. B. K. Thacker, was introduced. She gave a most interesting talk on "Shoes and Their Culture" which held the close attention of her listeners. She touched on several phases of importance to flower growers, and went into detail on important facts, that were beneficial.

A musical program ensued, with Dr. Erwin Fletcher, vocalist, Miss Kathryn Newberry, pianist and Miss Marian Wilkison, vocalist, taking part. Each gave a group of pleasing selections, and this feature was concluded with a duet by Mr. Fletcher and Miss Wilkison with Miss Newberry, accompanist.

Special guests who shared, were Mrs. J. C. Hamilton, Mrs. Stewart Miller, Mrs. Henry Hamilton, Walthera Ornduff, and Bessie Holmes. Dr. Zimmerly To Forsake Defense

Case Will Probably Go To Jurors Late Today After Closing Arguments

(International News Service)
LANCASTER, Pa., June 13—Dr. H. C. Zimmerly, 67, eccentric Mechanic Grove physician accused of performing two illegal operations, one of which allegedly resulted in the death of Mrs. Gladys Lawson, 26, of Calvert, Md., today placed his fate in the hands of a jury of nine men and three women without offering any testimony in his own defense.

As the commonwealth concluded its case this morning, the physician's attorney, Sumner V. Holsterman, informed the court the defense would offer no testimony. Closing addresses of the opposing counsel, Holsterman and district attorney Paul A. Mueller were to be made this afternoon and after a charge by Judge B. C. Atlee the case will go to the jury.

Testimony of Dr. John W. Rice, Bucknell university pathologist, that bits of bone found in the driveway and yard of the physician's home were those of a woman of Mrs. Lawson's description brought the case to a close.

SENATE PASSES NRA EXTENSION BILL EARLY TODAY

(Continued From Page One)

quired Senate confirmation of all Federal employees paid \$4,000 a year or more.

The Louisiana "Kingfish" gave out at 3:50 a. m. after fifteen hours and thirty-five minutes of almost continuous talking. He yielded to the blind Senator Schall (R) of Minnesota, who had his speech read by a clerk, and after that, New Deal leaders quickly brought a final and favorable vote.

Vote On NRA Is 41-13
Finally, the NRA extension legislation, creating for nine months' duration an emaciated shadow of the former Blue Eagle, was passed by the Senate by a record vote of 41 to 13.

The thirteen senators who voted against the new NRA were: Byrd of Virginia, Connally of Texas, Conn of Oklahoma, Long of Louisiana, Democrats; and Austin of Vermont, Borah of Idaho, Capper of Kansas, Dickinson of Iowa, Frazier of North Dakota, Hastings of Delaware, Schall of Minnesota, Townsend of Delaware, and Vandenberg of Michigan, Republicans.

Long, in his filibuster, approached but did not tie, the all time filibuster record set by the late Senator "Bob" La Follette, father of the present "Young Bob" a senator from Wisconsin. He started talking yesterday shortly after noon, and did not quit until ten minutes to four this morning.

Demand Showdown
After Long gave up it was "duck soup" for the leaders who sought favorable action on the new NRA as Schall completed his speech.

Some leaders sought compromise and an end to the seemingly unending talk which flowed from the apparently tireless brain and lips of the "Kingfish" but freshman Democrats demanded the showdown and crushing defeat for the delta dictator. Effort after effort to settle the dispute which threatened the administration NRA program ended in failure as the senate newcomers turned thumbs down on moves to settle things.

MORE THAN 100 ARE BELIEVED KILLED IN MUNITIONS BLAST
(International News Service)
LONDON, June 13.—"More than 100 persons were believed killed" in an explosion at a munitions factory at Reinsdorf, Germany, today, it was stated in a Reuters dispatch from Berlin.

DEFENDANT MISSING WHEN CASE IS CALLED
The case of Sam Pistaccio, of Ellwood City, charged with desertion and non-support of his wife and two children, was called for trial before Judge James A. Chambers at court this morning. The defendant was not in court when the jury was selected and a recess of about an hour was taken until he arrived. He claimed that he had been out hunting up witnesses.

sored the so-called "back bench rebellion" of the newcomers, Senators Black of Alabama and McKellar of Tennessee. Enlisted in their cause as the leader of the newcomers was Senator Schwelmbach (D) of Washington, who has hitherto had little to say. During the long filibuster, he said, time and again: "Those of us who are new here, have listened for months to the senator from Louisiana. We have seen his tactics, and we believe that the time has come to show him that he cannot longer control the senate."

Long Must Yield Floor
These words were echoed by Black. "I will tell the senator from Louisiana," he said once, "that no matter what sort of unanimous consent agreement for a vote is proposed, we will not consent to it until the senator from Louisiana has yielded the floor."

This Long refused to do until he yielded to Schall. He had been talking for fifteen hours and 35 minutes. This stacked up against, the all-time filibuster record of the late La Follette of eighteen hours and 23 minutes, established May 29 and 30, 1908, against the Aldrich-Vreeland currency bill.

Shortly before 4 a. m., EST, Long promised the remaining fatigued senators, that he would be "going strong" at noon today. His physical condition at the time seemed to bear him out. He was a little hoarse. Otherwise, only his red face revealed weariness.

Long yielded the floor to Schall when he was advised the Minnesota would carry on his fight while he rested. In league against the Louisiana senator with Black, McKellar, and the freshman leader, Schwelmbach, were Democratic Senators Minton of Indiana, Harr Moore of New Jersey, Guffey of Pennsylvania, Radcliffe of Maryland and Burke of Nebraska. They said, in effect, that Long should not pass, and they sat, tired and sleepy, to enforce their stand.

Deadlock Averted
WASHINGTON, June 13—A deadlock between house and senate that threatened to delay passage of the new extension bill for a skeletonized NRA until after Sunday when the present NRA set-up expires apparently was averted today.

Following a white house conference between President Roosevelt and Democratic house leaders, Chairman O'Connor (D) New York, of the house rules committee, predicted that the lower chamber will reluctantly accept the Borah amendment to the extension resolution, voted into the measure by the senate early today after Huey Long's spectacular all-night filibuster. Returning to the capital from the white house O'Connor and Speaker Byrns indicated that the resolution will be brought up for consideration tomorrow, with a possibility that it may reach a vote late in the day.

Chairman Doughton (D) North Carolina, of the house ways and means committee, who also participated in the white house conference immediately summoned his committee to pass upon the modified senate measure.

Two Pleas Entered In Cases At Court

Pete Brown, one of the men indicted in the "numbers" cases, entered a plea at court today to the second count of the indictment against him. This count charged maintaining a nuisance, and it will be upon that count only that disposition will be made of this case. Glenn Criss entered a plea to violating the statute requiring that real estate brokers take out a license. This is one of the first cases here under the act. There is another pending.

SAYS NEW LAXATIVE BREAD HELPED MOTHER AND SELF AFTER YEARS OF CONSTIPATION

PRUN-O-WHEAT BREAD... Is Helping Our Trouble Greatly! — Says Mrs. W. S. Strong of Indianapolis, Ind.

"My mother and I have been bothered with constipation for years," writes Mrs. W. S. Strong. However, since using PRUN-O-WHEAT BREAD, at the rate of a loaf a day, we find that it is helping our trouble greatly. The whole family is now eating PRUN-O-WHEAT, too, because they like its taste as well as for its laxative qualities."

PRUN-O-WHEAT BREAD contains nutritious and regulative properties which are missing from so many of the modern, highly refined foods we eat daily. Though it would be a white loaf if it were not for the concentrated prune juice which is added, it makes an ideal regulative food to supplement the daily diet. Remarkably enough, though, it contains a generous amount of prune juice with its well-known effect, it doesn't taste of prunes. But it DOES make the most delicious toast you ever tasted as thousands testify!

TRY 14-DAY TEST

Eat PRUN-O-WHEAT BREAD whenever you like for its fruity, nut-like flavor... BUT you must eat it regularly, a few slices at each meal, to enjoy its gentle but definite laxative benefits. Try it for 14 days... the results will amaze you. Order a loaf from your grocer and start today.

Parents and friends will be admitted to the camp from 3:30 to 8:30 p. m. The program will be at about 7:30 p. m.

Those who wish to have dinner with the girls must make their reservations by calling Camp East Brook today. Dinner will be at 5:30 p. m.

OLD JOHN DON'T
GET UP NIGHTS
He Made This 25c Test

Old John says, "I had to get up 5 or 6 times every night. This bladder irregularity was accompanied with scanty flow, burning, and backache. I flushed out excess acids with little green tablets containing buchu leaves, juniper oil, etc., called ECKERS. They work on the bladder similar to castor oil on the bowels. After four days if not pleased any drugist will refund your 25c. I sleep good now. Eckers' Prescription Drugs."

Annual Reunion Of Gaston School

Former Pupils Of Old Gas-
ton Mission And School
Gather At Cascade
Park

**MRS. MAGILL IS
AGAIN HONORED**

Former scholars of the Gaston Sunday school and Gaston school in Shenango township met at Cascade park yesterday to renew acquaintances and talk over old times.

Mrs. Howard Magill, president of the organization, was re-elected to serve in this capacity another year, at the business session, while Mrs. Mary Cooper Caldwell was named vice president; Mrs. Scott Hamilton, secretary, and Mrs. A. M. McNally, treasurer.

The reunions were organized several years ago as a tribute to John McKay, the organizer of the old Gaston Mission, which was undenominational. A letter of greeting was received from his son, "Sid" McKay of Florida, who was unable to be present for the occasion.

Mrs. Magill, the president, read the minutes from last year in the absence of Miss Laura Blucher, the secretary, and a memorial in honor of the departed members of the association, which had been prepared by a committee consisting of Mrs. Lottie Maitland, Mrs. A. M. McNally, Mrs. Albert Yoho, Mrs. Samuel Howell and Mrs. Howard Magill, was read.

The committee on arrangements for next year consists of Samuel Howell, Howard Magill and Tad Kiker. After the business session, a program was presented. Tad Kiker reading an original poem about the association. Samuel Howell gave a humorous account of the old school days, and Annetta Butler spoke of the various families who attended the old school and mission.

Special guests included Mrs. Martha Muse and Mrs. Rook, the latter from New Wilmington. Mrs. Holland, aged 85, was the oldest one present.

Before adjourning, those present stood in silent tribute to those who have passed away and those who were unable to be present because of illness.

The next reunion will take place on the second Wednesday in June, 1936, customary day for the event.

I was almost afraid to try to eat. I was in an awful condition and no medicine seemed to act on me at all, but finally I found Indo-Vin, and it has put a complete stop to all the gas misery and awful bloating spells I used to have. NEW LAXATIVE BREAD CHANGES BUYING HABITS

Time was . . . according to V. O. Potter, owner of Potter's market at East Washington street . . . when Mrs. Housewife went to the grocery store to do her marketing she made her selection according to the known and expressed individual tastes of her family and the limits of her purse. Today, the picture is entirely different! Foods . . . yes, even the staple foods . . . have been so modified and merchandised that taste appeal is now a secondary factor in the housewife's daily selection of provisions for her table.

Scientific research and modern advertising—by stressing the health appeal of foods—have so changed buying habits that even such staple foods as vegetables, condensed milk, fruits or breakfast cereals are now chosen for their vitamin, mineral, protein or carbohydrate contents instead of because John likes turnips for supper or rice flakes for breakfast.

The latest recruit in this interesting field where old familiar foods are assuming new identities as pack-ages of health, says Mr. Potter, is a new loaf of bread with the well-known regulative and laxative properties of prune juice and the flaked wheat berry. Developed, as a result of experiments at the University of California School of Medicine and a leading commercial food and cereal laboratory in Chicago, the formula for PRUNE-O-WHEAT Bread which is made locally, calls for large quantities of a concentrated form of sun-dried prune juice produced by the Prune Growers Association of California. In fact, the entire liquid content of the loaf is prune juice. The University of California experiments demonstrated that the regulative value of prune juice survives baking temperatures and is present and as effective in this new bread as it is in prunes and prune juice which mothers have used in their children's diets.

Grocers are enthusiastic about these new health appeals in the foods they sell because they find their customers very responsive . . . especially mothers and others responsible for maintaining diets.

The evening's program follows: Tenor solo—Roger Francis. Tenor solo—G. Short. Bass solo—Griff Thomas. Violin duet—Dominick Recano and W. C. Jenkins, Jr. Baritone solo—Arthur J. Rees. Piano solo—Morgan Jones, Jr. Humorous reading—W. P. Williams.

Several short speeches followed in which the director and her sister, Ann Thomas, accompanist, were congratulated.

Following the program, Griff Lewis and a friend rendered several selections. The local director was called into session for a brief session and Fred Smith was chosen a member of the music committee. The chorus then adjourned until fall.

WHOSE WORD WILL YOU TAKE FOR BLOWOUT PROTECTION?

Low wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before. Are you accepting exaggerated and unsupported advertising and sales claims—or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowout protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, gruelling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three cars.

Kelly Pettilo won the race at an average speed of 106 miles per hour. Wilbur Shaw was second, flashing across the finish line just behind the winner. Both drivers broke the track record without tire trouble. In fact, not one of the thirty-three drivers had tire trouble of any kind.

For sixteen consecutive years Firestone Tires have been on the winning car. The race this year simply emphasizes again the undisputed evidence that Firestone Gum-Dipped Tires have the greatest stamina and blowout protection.

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every cotton cord is soaked and every strand is insulated with pure liquid rubber, preventing internal friction and heat, the main cause of blowouts. Gum-Dipping is a patented extra process not used in any other make of tire.

1 University tests show Firestone Tires stop cars 15 to 25% quicker

2 Gum-Dipped cords give greater blowout protection. Gum-Dipping is not used in other tires

3 Wider, flatter tread gives more than 50% longer non-skid wear

Connection Between Youngstown And Local "Numbers" Cases Is Revealed

YOUNGSTOWN, O., June 13.—Sweeping down upon two big agencies of the "Big House," largest lottery outfit in Youngstown, Sheriff Ralph E. Elser arrested 16 men and a woman Wednesday afternoon. Among the prisoners is Peter Rigas, said to be one of the operators of the lottery, and N. Brown, believed to be the manager of one of the main "Pick-70" agencies. Rigas is reported to be one of

those who took over the lottery management after Sam Barusa, known here as "Buffalo Joe," and "The Old Man," lost control. Barusa pleaded guilty in New Castle, Pa., yesterday to five lottery charges and faces the possibility of imprisonment up to two years. Some indication that the separation between the New Castle and Youngstown lottery outfits is not complete, was seen in the discovery of New Castle lottery tickets in a room over a poolroom which was the scene of one lottery raid. Barusa's pleas of guilty in New Castle brought the comment from Dr. George Wilcox, president of the Youngstown Metropolitan Area Citizens' Association, that "the underworld can be controlled when public officials are willing to do their duty."

The 1935 conference of the American Federation of Organizations for the Hard of Hearing, Inc., is being held this week in Cincinnati. A flock of Welsh sheep from the wilds of Plynlimmon Mountains have been taken to London to graze in the public parks. Italy is extending the scope of the forty-hour week.

Germany's Naval Request Would Get U. S. Favor

United States Willing To Grant Plea For Navy 35 Per Cent Of U. S. Strength

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, June 13.—The United States notified Great Britain that it would, in effect, interpose no objection to Germany's right to possess a navy 35 per cent the size of the American and British fleets if that ratio was acceptable to London. In an informal reply to British request for an expression of American views regarding Germany's demand, this government said it was "sincerely hopeful that the result of these preliminary conversations might lead to a common viewpoint among the leading European naval powers as to a mutually acceptable proportional standard for their fleets and that this in turn would contribute to a general agreement between the principal naval powers for a further limitation and reduction of naval armament in line with the principles of the Washington and London treaties."

A summary of the Anglo-German naval discussion was communicated to the state department by the British government through Ambassador Bingham London with a request for the expression of American views, concerning Germany's demands.

Although Germany's insistence on a navy 35 per cent the strength of the British fleet automatically would give the German nation the same ratio with respect to the American fleet, the view prevailed

here that the German naval demands constitute primarily a European political problem. It is not that this government is willing to see Germany embark on a naval building program, even to the 35 per cent limit. In fact, Secretary of State Cordell Hull will deplore it. Hull's attitude has been to deplore any more rearmament by any nation.

If Germany's military and naval position with the relation to other powers is to be improved, Hull believes, this should be achieved by the heavily armed nations reducing their armaments nearer Germany's existing level.

However, a solution of the European political problem is considered necessary for any general peace agreement. If Britain is able to pave the way for such a solution by a naval understanding with Germany it would be regarded as a highly constructive achievement by this government.

Therefore, if the British believe the only way to get a naval limitation agreement is by granting Germany the right to the 35 per cent ratio, the attitude of the state department is that this government would be serving no useful purpose in dumping over the European political agreement by opposing an Anglo-German naval understanding.

"Athlete's Foot" Cure Advanced

New Cure Found In Fight Against Spreading Disease That Attacks Feet

(International News Service)
ATLANTIC CITY, N. J., June 13.—A new cure for "athlete's foot," which utilizes a powder made of burned blood, was revealed at the convention of the American and Canadian Medical associations.

The cure was explained by Dr. Theodore Cornbleet, professor of dermatology at the University of Illinois, Chicago, who exhibited studies of perspiration as related to disease.

The fungus causing "athlete's foot" was found to feed on nitrogen contained in the increased flow of sweat from persons afflicted with this type of ringworm. The powdered "blood charcoal" removes this nitrogen and starves out the fungus. Cures have been effected in 85 per cent of the cases treated, Dr. Cornbleet said.

No More Piles

Doctor's Prescription Guaranteed

Thousands of Pile sufferers do not know that the cause of Piles is internal—bad circulation of blood in the lower bowel.

This is the scientific truth about Piles—the real reason why salves and suppositories do not give lasting relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause. External treatments can do this—an internal medicine, should be used. HEM-ROID, the prescription of Dr. J. S. Leonard, sold by good druggists everywhere, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the affected parts.

So why waste time on external remedies or worry about an operation when Eckerd's Cut Rate and New Castle Drug Co. invites every Pile sufferer to try HEM-ROID with guarantee of money back if not joyfully satisfied with the help one bottle gives.

On Court House Hill

Leona E. Truby of New Castle R. D. 7 has filed an application at the prothonotary's office for a divorce from her husband, William E. Truby of 216 Cottage street on the grounds of desertion. They were married in December, 1929.

County Treasurer William O. Pitts reports that from June 1 until yesterday collections of county taxes amounted to \$16,525.01. This is at the average rate of about \$1500 per day. Collections yesterday amounted to \$2,686. If collections keep up at the same rate the county may get in enough to meet the \$30,000 bond redemption due July 1, and running expenses for the month.

The Home Realty company has filed an amicable action in ejectment against Anna Wagner, 414 Martin street. The property is held by Mrs. Wagner on a lease.

Changes in the agent for the Bureau of Animal Industry for this district have been so frequent of late that it is pretty hard for the county officials to keep track of who is really acting. During the past two months three agents have held down the job. The third, John A. Miteer of Kittanning, Pa., was at the county treasurer's office yesterday. He said that he could be reached at Kittanning by telephone. His number is rural 16, ring one short, one long and one short. He is the man whom farmers can call if they have sheep killed or injured by dogs.

County Treasurer William O. Pitts made out checks yesterday for 123 women who are on the widows pension list in this county. The total amount of the checks was \$1,913.22, which is the monthly payroll for the county. The amounts vary from \$10 to \$25, depending upon the number of children the widow has to support.

According to word received at the county commissioners' office, a new kind of surfacing is to be tried out by the highway department on the new Volant-New Wilmington road.

Troop Is Ready For Annual March

High Point Of Encampment Is Annual Maneuvers In Field With Overnight Camp

GET READY FOR RETURN TO CITY

By CORP. JACK B. BRYAN

Troop F 103rd Cavalry, COLEBROOK, Pa., June 13—The Federal and State payrolls are completed, and with muster over Troop F is now looking forward to its march to the Indian town Gap area, where it will bivouac. This march and bivouac are always the high point of the encampment as it tests the stamina of the men and horses and furnishes ample opportunity for experience in security and maneuvers in hostile country.

The majority of the new men have already appeared before the Kangaroo Court, and those who missed it Monday night faced the judge Tuesday night. A few slightly embarrassing situations have been arranged for their benefit.

Some of the amusements of the troopers in the evening are ball games, belt lines, boxing, and of course a few hands of "Black-Jack."

Smoker Enjoyed

The 103rd Cavalry Band has held several concerts before Col. Colahan's tent.

Breaking away from the routine of military life for one evening, Troop F 103rd Cavalry enjoyed the smoker held in the mess hall on Saturday night, June 8. The hilarity was mixed with a high content of esprit de corps, and it was evident that the members of the organization were going to do their best to make Troop "F" the best in the regiment.

Sunday, being visitors day, was one of comparative leisure. Visitors

from New Castle and vicinity were: Major W. F. Jackson, Lieut. John D. Kennedy, Lieut. Roland Haines, L. B. Round, Mr. and Mrs. Forest L. Florida, all of New Castle, and Mr. and Mrs. I. M. Davidson of Bessemer, Pa. Guard Mount and Regimental Review proved of interest to the visitors, who were quite numerous despite considerable rain in the morning.

Have Mounted Review

Monday, June 10 a riot duty problem was worked out, with the 2nd Squadron of which Troop F is a unit, acting as the rioters. It was conceded by the members of the First Squadron that is is very fortunate for all concerned that the average group of rioters are not so interested in their work as Troop F was in this problem. In the afternoon, a field inspection and a Mounted Review was held for Brigadier General E. J. Stackpole and Adjutant General Frederick B. Kerr.

The health of the troopers is excellent, some of the most hardened old "Gold-bricks" are even creeping out of their wheel-chairs for a turn at duty now and then. The horses are also in good condition. One horse, however, died apparently from the effects of the long train ride.

The Troop has made very favorable showings in the numerous inspections which are always held in a military camp.

St. Anthony Day Being Observed

Church Services Mark Opening Of Gala Outdoor Celebration

Impressive services in the St. Vitus Church, early this morning, marked the opening of the St. Anthony celebration being held today on South Jefferson street, by the Italian-American residents of the city.

At a solemn high mass at 10 o'clock the Rev. Fr. Nicholas De-

Mita, delivered a most interesting sermon, telling of the life of Saint Anthony. The church was crowded to capacity.

During the exercises, a beautiful shrine of St. Anthony, a replica of the original one at Padua, Italy, will be dedicated. During the morning hours, the South Side Board of Trade concert band, under the direction of Anthony Basile paraded through the principal streets.

Tonight's program includes a musical contest on the B. & O. field, band concert on South Jefferson street, where an attractive cause being the entangling alliance entered into by Peter's long mustache and the handle of his axe. Peter, confessing the experience a hair-lifting one, is looking over the razor blade advertisements.

display will climax the gala celebration which is expected to attract several thousand persons tonight.

The South Side Board of Trade band, one of outstanding musical organizations of the city, is furnishing the music for the event.

SANTIAGO, Chile—Beer is a non-alcoholic drink in Chile. This decision has just been reached by the supreme court here in a lawsuit between the brewers and the state. Had this same customer carried his good business further he could have hired MORE of these tireless Electric Servants at constantly diminishing wages. Look! His next \$1.00 would have paid for 25 KWH; his 3rd \$1.00 would have paid for 30 more; his 4th dollar 37 more KWH; and so on and on—the more Electric Servants he hires the less they charge him for their work.

CLIPPER SHIP ON SECOND FLIGHT TO HAWAII

Strong Winds Are Combatted

Good Progress Is Being Made On Long Hop Over Pacific

EASY TAKE-OFF IS MADE FOR JOURNEY

(International News Service)
ALAMEDA AIRPORT, Cal., June 13.—Winging westward to Honolulu, the giant 21-ton Pan-American Clipper ship passed the halfway mark of its second flight to the Hawaiian group today.

At regular intervals the big flying boat advised technicians here of her position.

At 1 a. m., Captain Edwin C. Musick, commander of the ship, radioed:

"1218 miles out. Altitude 6900 feet. 20 m. p. h. headwinds. 105 m. p. h. speed. Weather clearing. Sea still invisible."

The Clipper is expected to land at Pearl Harbor, Honolulu, between 9 and 10 o'clock this morning. On her first trip to Honolulu, the 2410 miles was traversed in 18 hours and 39 minutes.

Due to strong headwinds encountered during the first half of the present flight, the time is expected to be slightly longer.

The super-charged four-motored flying boat took off yesterday from San Francisco bay, off Alameda airport at 3 p. m. The big ship glided into the air after an amazingly short run of 200 yards on the surface of the water.

The airman were smiling as they manned their big ship yesterday. They were supremely confident of the ability of the clipper to fight any type of squall. Less than a year

ago, a flight under the same weather conditions would have been a hazardous gamble.

However, the pioneering flights of the clipper are far from being chance bets. When the clipper completed her first round trip between the mainland and the paradise of Pacific, April 23, the big ship was completely dismantled. Every part of the plane was thoroughly inspected to determine the toll of wear exacted by the gruelling flight.

The regular California-Orient commercial passenger and airmail service will be started as soon as the clipper has made several more flights between the mainland, Honolulu, Midland Island, Guam and the Philippines.

These flights will inform technicians of Pan American Airways of the average condition of weather expected to be encountered during the regular passenger trips.

Most Cruel Killer. Paroles And Ransom Money.

Vincent Astor's Hotel. Mr. Kissell Drinks Wine.

By ARTHUR BRISBANE

CHICAGO REPORTS the most cruel, cold-blooded murder of the week. Cecelia Venable, red-haired night club entertainer, aged 27, registered at a hotel as Mrs. J. Williams. Awakened at daylight by a gunman who had forced the clerk to take him to the room and open it, she asked, after he had slapped her face, brutally:

"Tony, how did you get in here?"

His answer was:

"Why did you run out on me last night?"

The woman said:

"I didn't want to go with you. I haven't got anything you want, and you haven't got anything that I want."

Tony, drawing a pistol, said:

"But I've got something here you're going to get."

He fired several bullets into her body as she pulled the sheet over her face. When all the bullets were fired the unfortunate woman pleaded, moaning:

"You've hurt me enough already, please don't shoot again. Please, Tony, get a doctor."

TONY EJECTED the used shells, reloaded the pistol, fired four more bullets into her body and left her dead.

Who can understand such horrible brutality, and why is there any hesitation about eliminating permanently all criminals of this kind?

If Tony is arrested, will some weeping parole board let him go after six months?

WALEY, the Weyerhaeuser kidnaper, caught after he sent his wife, like a "short-changed," to the tune of \$5,000, got about half, and had only spent three hundred dollars when his wife was caught, thanks to the quick wit of Edythe

MAHAN, another kidnaper, who abandoned more than \$15,000 of the ransom money, fled, and is now hunted by government agents. He was convicted, paroled, convicted again, and again released and wanted for many crimes.

Highway patrolmen in the western states did admirable work co-operating with the "G-men." The western highway patrolmen are real policemen.

THE NATIONAL GOVERNMENT will not be able to execute the Weyerhaeuser kidnaper under the "Lindbergh law," because the Weyerhaeuser boy was not taken out of the state in which he was captured.

However, that state provides death as the penalty for kidnapping, and as the state of Washington will probably impress on these kidnappers and others that Washington is a dangerous state in which to operate.

WALEY, who says he divided the ransom money with William Mahan, and was "short-changed," to the tune of \$5,000, got about half, and had only spent three hundred dollars when his wife was caught, thanks to the quick wit of Edythe

Morley and Marion Samuel, two girls employed in a Salt Lake chain store. That "hot" ransom money did not do for Mr. Waley the wonderful things that he expected. He spent only \$300, in fear of arrest, and for that he will probably pay with his life.

MR. VINCENT ASTOR, of New York, has bought in, and will open, the St. Regis hotel on Fifth avenue, built originally with Astor money, now repurchased for \$5,090,000.

An Astor running a hotel is nothing new. You need not be very, very old to remember the gray granite "Astor House," a block long, almost opposite the city hall on lower Broadway, where

beef such as you find nowhere now. Before the prosperous Americans leaned to be really "aristocratic" with yachts, race horses, and divorces, they thought owning a hotel and putting your name on it was almost aristocratic. The Astor House and the Brevoort House, in New York, the Palmer House in Chicago, the Coates House in Kansas City, a thousand others prove it.

LOUIS KISSELL, 80 years old, who fought in the Franco-Prussian war 65 years ago, was attacked by a robber who struck him down with a club. Mr. Kissell got up, beat that robber severely, pursued him down the street.

When reporters wanted to take his picture, Mr. Kissell asked:

"What's all this nonsense for? It was nothing. I am strong. I drink my own wine."

He makes the wine himself, from grapes.

Louis Kissell says Von Hindenburg was a great man, and he looks like Von Hindenburg. France and Germany have many men, strong in old age that "drink their own wine."

The grandfather of Henry the Fourth gave Henry a sip of burr gundy, a strong red wine, and rubbed the royal baby with the day.

He gave the mother, his daughter, a gold box filled with jewels, saying, "This is for you," took the baby, saying, "And this is for me."

Arrangements For Event
Are Virtually Complete,
President Ramsey
States

NEW CLASSES WILL BE SPECIAL GUESTS

Plans for the annual reunion of the alumni of New Castle high school have virtually been completed, President Earl T. Ramsey stated today, and indications point to one of the largest gatherings in many years. The event will take place, Thursday, June 20, in the Cathedral.

The various committees in charge of the arrangements are working hard to make the event successful, and with the date but a week away, are urging the chairmen for the different classes to contact their members and get them out on this occasion.

The graduates of the two classes this year will be the guests of the New Castle High School Alumni Association, as has been the custom in past years.

The program calls for dinner to be served at 6:30 in the dining room of the Cathedral, followed by a program in the auditorium and dancing afterwards in the ball room. Places where tickets may be procured and the committees will be announced soon by President Ramsey.

'WILD LIFE' EXHIBIT AT SHOW IS PRAISED

The realistic "wild life" exhibit at Tuesday's flower show of the Lawrence County Garden Club at the Cathedral was still winning commendation from many today.

The senior high instructors, Nicholas R. Casillo and Howard A. Butler arranged the elaborate exhibition with City Forester Owen Penfield Fox vouching his help.

Seize Two On Charge Of Attempting To Mulct Physicians

(International News Service)

PHILADELPHIA, June 13.—Charged with attempting to mulct dozens of physicians in the city by false accusations of performing illegal operations, two extortion suspects were behind bars here today.

The men, Edward Ellis, 24, and Joseph Cicci, 23, were seized as they allegedly sought \$35 from Dr. Milton B. Emmanuel. Police said Ellis declared his wife was seriously ill as a result of illicit surgery and that the scheme was a "shake-down" against the physician.

The men were arrested after part of the money was paid to them, detectives reported.

When the state took over some local streets here the move saved the city money in paving. A few years ago council said that in time Highland avenue hill would require new paving. The state has paved some of the hill, which saved money for the city. It is probable that in time to come other sections which need improvement will be paved.

Gonick Donates Cabin For Camp

Camp Rentz Benefits From Generous Gift Today; Directors Aid

A new boys' cabin newly donated to Camp Fred L. Rentz of the Y. M. C. A. will bear the name "Jack" in honor of the young son of the donor, A. H. Gonick, manager of Smith's Cleaners and Dyers.

Announcement of the gift of the cabin, the seventh to be added to the elaborate Camp Rentz, equipment, was made by General Secretary R. L. Meermans of the Y today.

At the same time as he announced Mr. Gonick's gift, Mr. Meermans made it known that members of the Y. M. C. A.'s board of directors also donated on their own enough money to build the 6th cabin. The director's cabin had been planned before the Gonick cabin was offered today.

Of a uniform 14 feet x 18 feet size the two cabins will house eight boys and their counselors. They will be screened for the summer camp period like the present cabins and in rainy weather may be completely closed in.

The Camp Rentz equipment, with the completion of work now under way, will include seven cabins, a new administration building, the "Katy Did" dining lodge and a cook house.

Opening July 2, the 1935 Camp Rentz season promises to break all attendance records set since the present Slippery Rock site was purchased and presented to the association by Fred L. Rentz.

Lottery Bill Is Voted Down

(International News Service)

HARRISBURG, June 13.—Despite an impassioned plea by its sponsor, the house Wednesday defeated the bill of Rep. Clinton A. Sowers which would set up a \$100,000,000 state lottery for relief and old age and blind pensions.

The vote was 88 to 98, the bill failing to achieve a constitutional majority.

MAYBE THIS THIEF WAS SUPERSTITIOUS

Food Bill High, You Say? It Would Be If You Paid Bill Of Scouts' Jamboree

Picture, if you can, the dipping of 30,000 spoons into 30,000 dishes of ice cream, and then conveying these tons of luscious sweetness into 30,000 waiting mouths. And yet, that is the exact scene that will be presented this coming August 21-30 when the 30,000 Boy Scouts attend their National Jamboree at Washington gathering around the 5,250 dinner tables on the one Sunday they will be camped there. Bananas? How long do you figure that it will take those boys to surround the 30,000 bananas that they will consume at any one meal? 30,000 quarts of fresh milk would seem to be the despair of any herd of Jersey cows, almost regardless of the number of them, that might be asked to supply this amount daily, and yet that is the amount that will be provided regularly. Just imagine 30,000 quart bottles of milk left on your doorstep on a morning, 17,000 loaves of bread a day; 17,000 pounds of fresh meat, 900 sliced of potatoes, which is bled, fried and laid out flat would cover a platter measuring over 2½ acres in extent. Yet

30,000 hungry Boy Scouts will "surround" those acres of potatoes quicker than a boy could run around a platter of that size. But regardless of the quantities of food that will be required, a carefully prepared and balanced meal will be served in every instance, all of it checked for calory, vitamin and other food values.

The physical arrangements for a camp of 30,000 Scouts (including the Scoutmasters, and all the thousands of men identified with the Scout Movement who also will be in camp there) called for unusual problems of engineering and design for ground layout, transportation, telephone, communications, lighting, sewage disposal, structures and equipment. And yet, the acreage necessary for this tented city of 30,000 Scouts and Scouters has all been acquired within the environs of Washington so that all the activities of the nation's seat of government will be immediately available to these keen-minded youths from every nook and cranny of the whole United States.

Library Binders To Keep NRA Standards

City Library Makes Known Interest It Has In Recent Court Ruling

The New Castle Free Public Library, having a small part in the expenditure of \$2,750,000,000 spent annually by the libraries of the country in binding books, is interested in learning the effect of the recent supreme court NRA decision on the binding business. Assurance has been given in a letter from the Book Manufacturers' Institute that it will have no substantial effect, that the work of the joint committee of the American Library association and the library binding division of the institute in forming the required code has been of sufficient mutual benefit to justify continuing the practice of the code.

From the library viewpoint the objective has been the efficient use of the binding appropriation, which means the certainty of good durable bindings at a reasonable price. The code established a basic forty-four hour work week, eliminating overworking, prevalent in some shops. It adopted a minimum wage rate and prohibited child labor.

The library binding industry's customers, the libraries, were given an equal voice in determining policies, the objectives have been accomplished, decent labor standards will be maintained. The library binders have not simply passed resolutions and uttered pious hopes—they are pledging themselves, in writing, to maintain minimum wages and maximum hours under the code and not to employ child labor. The names of those who sign the pledge will be made public.

Klein Smashes Three Homers

Schoolboy Rowe Pitches Three-Hitter, Birkhofer Saves Game For Pittsburgh

By PAT ROBINSON
(International News Service Sports Writer)

NEW YORK, June 13—It's an old saying of the turf that certain horses run well only on certain tracks. It is equally true that certain ball players are at their best only in certain parks.

Witness, for instance, Chuck Klein, who always could rattle the fences when he was in the Philly band box, but was no particular menace elsewhere. Chuck, now a Cub with an anemic .230 batting average, returned to his old stamping grounds yesterday and in a double header pounded out three homers which is as many as he had made all season in other parks.

If the Cubs could play all their games in Philadelphia where Chuck could do his stuff every day, the former ironmonger might win them a pennant singlehanded. Unfortunately for the Cubs, and Chuck, he can play only eleven games there all year.

With Larry French holding the Phils to five hits and Chuck belting two of his homers, the Cubs had no trouble winning the opener, 15-0. But they dropped the nightcap, 15-0, despite Chuck's third round tripper.

Cards Take Two

The Giants won but lost some more ground to the Cards who took a doubleheader from the hopeless Braves. Hubbell gave up just eight hits, half of which were homers accounting for all the Reds' runs. Goodman and Comorosky each hit for the circuit and Lombardi got a pair. However, these were more than offset by Mel Ott's eleventh homer, another by Hank Leiber and 14 other hits of assorted sizes, making the final count, 10-4.

Dizzy Dean had to come in to save the first game for the Cards and Jesse Haines, who started the opener, and to be rushed back to save the nightcap for Phil Collins. The scores were 8-6 and 5-4.

Dutch Leonard was doing all right for himself and his brother Dodgers until the lid blew off in the seventh and the Pirates surged through with five runs to win, 7 to 3.

Rowe In Shape

In the junior circuit, the White Sox, with Ted Lyons operating on a five-hit basis, trimmed Earl Whitehill and the Senators, 7 to 2. Schoolboy Rowe was so elated to learn Mrs. Rowe and the new baby boy are doing well that he held the Red Sox to three hits—the best performance of the day—and breezed in for the Tigers, 4 to 1.

The Athletics made it three in a row from the Indians, 7-5, although they had to use four pitchers to get the decision over Mel Harder. It takes terrific hitting to offset their own pitchers but, fortunately for all Connie Mack, he now has five of the six leading hitters on his ball club.

Lefty Gomez had an easy time taking the Browns, 11 to 4, in the first half of a doubleheader and the Browns got revenge in the nightcap, however, pounding Johnny Allen all over the lot, to win by a score of 7 to 6.

HERE AND THERE IN SPORTS' LAND

When Jimmy Braddock steps into the ring tonight at Madison Square Garden's bowl on Long Island, no difference how the fight turns out, he will have chased the wolf from the door. After an in-and-out career Jimmy became one of the forgotten men of pugilism and he couldn't earn a livelihood, no difference what sort of a job he sought. He was forced to go on the relief roles. Paged for a couple of more fights he came through winner and he was selected as opponent for Max Baer, the heavyweight champion. Tonight he will try to wrest the heavyweight championship from Baer. Braddock is a game battler and has a knockout punch in his right. He is said to be a good boxer. Baer is a rollicking, awkward fighter who can give and take and his right to any vulnerable spot is dynamite as was seen when he took the title from Primo Carnera. There are many fans who are taking Braddock as a long shot to win as Max is a five to one bet to retain his title.

Printemps won the third race, a mile event, at Washington park track, Chicago, yesterday and for each \$2 ticket Printemps paid \$500.24 to win, \$107.88 to place and \$37.10 to show.

Lawrence county baseball league managers will meet Tuesday night at the Sport Goods store, according to Samuels, the league's president. Commissioners will also meet to decide complaints made by managers.

MAHONING LOSES TO WAMPUM

Five Errors Help To Put Mahoning On Wrong Side Of Score

Wampum took a fall out of Mahoning yesterday and the defeat sent Mahoning into a tie for first place with the A. S. & T. P. in the Lawrence County League.

Dombek pitched for Wampum. He allowed only six hits while J. Russo and Gunnett were found for eight. Five errors behind Mahoning's pitchers helped to give Wampum the game. J. Russo hit a triple and R. Butchelle poled a double.

At the end of the fourth inning Wampum led four to nothing and got their fifth run in the first of the seventh. Mahoning staged a batting rally in the last inning, but the side was retired after three runs were made.

Ellwood City handed out a drubbing to West Pittsburg 11 to 0 at West Pittsburg yesterday in a Lawrence County Baseball league game. DIAMOND DUST

BESSEMER PROTESTS
James Martin, manager of the Bessemer baseball club, has protested the action of Carbon in not having cut down their roster to 16 players by June 1. Martin claims Carbon has been carrying more than the legal number of players and if this is found true it is probable that the Carbon team will be punished by the commissioners. Relative to a game between Hillsville and Bessemer in which Bessemer left the field after they alleged the umpire was intimidated when he wanted to call the game on account of darkness, Manager Pope of Hillsville denied the charge and Umpire Fruit has been requested to appear before the commission.

Wampum A. C. Wins From Hillcrests

Wampum A. C. handed the Hillcrests a 5 to 2 defeat at the Wampum field. The Hillcrests started out fast and had the lead until the fourth inning when Wampum started to hit the ball hard. Matthews held the losers to five hits. Next Monday night the Wampum team will play the Slovak A. C., it was announced.

Market Quiet Today As
Traders Start To Take
Profits

By LESLIE GOULD

NEW YORK, June 13.—The stock market was quiet today as traders started to take profits.

A break of about 2 points in Postal Telegraph preferred was a determining factor.

In addition the American and Canadian wheat market continued to experience heavy selling, which sent prices down a cent a bushel to the lowest prices in more than a year before short covering induced a modest rally.

Heavy selling in Postal Telegraph was apparently due to the belief that the company's directors when they meet tomorrow will vote for a reorganization.

Utility shares generally firmed. Consolidated Gas and Public Service held narrowly, while United Gas Improvement and United Corp. were slightly lower.

In the rails, Atchafson was an early favorite rising about a point. Failure of other carriers to follow snatched the upturn.

U. S. Steel Bethlehem and other iron shares turned sluggish slightly after their previous closing levels.

Metal shares were neglected as were the aviation and oils, tobacco were easier on profit taking, while mail order and farm equipments marked time in the face of the break in wheat.

Mrs. Darwin Braden Entertains
For Visiting Daughter's Birthday Wednesday

ELLWOOD CITY, June 13.—Mrs. Robert Embrey, of Amoria, Pa., was delightfully surprised last evening when her mother, Mrs. Darwin Braden, of North street, entertained a number of friends in honor of her birthday anniversary.

The home was bedecked in lovely flowers for the occasion. The feature of the evening was the serving of a delicious birthday dinner by the hostess in the dining room which was beautifully decorated. The table was centered with a colored light and flowers. Place cards were cleverly arranged at the ends of varied colored streamers suspended from the chandelier.

After dinner hours were whiled away in an informal social manner with visiting and chat. The guest of honor was the recipient of a number of lovely and useful gifts at this time.

Those present on the occasion were the mesdames Jacob Cole, Paul Richards, Ida Fehl, Bertha Gordon, Tony Straw, and the Misses Helen Minkok, Edna Rice, Virginia Gordon, Dorothy Gordon, Agnes Cataldo, and Faye Newton.

Excitement Reigns
As Bill Is Thought
To Be Ransom Note

So far as can be told none of the Weyerhaeuser kidnap ransom money has turned up here, but for a few exciting moments this week post office officials thought some had.

Discovered by an alert clerk in the cash drawer of the C. O. D. department of the office, the bill turned out to be of the very same series as the ransom money and only two numbers off one of the ransom bills.

The clerk rushed to Postmaster Richard A. Steen and he in turn consulted bank officials here as to exact serial number of the note. Excitement reigned until a close check had been made.

The ransom money was recently paid by the Weyerhaeuser family for the safe return of their young son,

Pokanoket Troop Court Of Awards Wednesday Night

Troop Of Girl Scouts Has Presentation Of Awards As Last Event Of Season

Marking the end of the scouting period for this season, the Pokanoket troop held an outdoor Court of Awards at the "Hemlocks" Wednesday evening.

The meeting was opened by a song from the entire troop. Betty Smith lighted the fire which she had built earlier in the day, thus passing her second class fire building test. Captain Frances Carlson read a fitting poem. A group of songs were sung and a pantomime, "The Two Lovers," a star legend, was given under the direction of Edna Raney. Those taking part were Joan Baldauf, Emma Schuler, Ida Mae Smith, Mary Jo Smith, Charlotte Heath, Betty Jane Cummings and the remainder of the troop acted as magpies. Isabel Douglas was the reader.

A horseshoe formation was made and tenderfoot pins were presented to Betty Jane Cummings, Charlotte Heath, Agnes Mae Baker, Dorothy Kerr, Irene Hemming and Joan Baldauf. Second class badges were presented to Miriam Wimer, Emma Schuler, Lois Thompson, Betty Smith, Muriel Zeitler and Isabel Douglas. Patrol leader badges went to Eleanor Knobloch, Emma Schuler, Lois Thompson and Muriel Zeitler. Dorothy McConnell, Miriam Wimer, Georgetta Singer and Ida Mae Smith were given assistant patrol badges and ex-patrol leader awards went to Betty Smith, Betty Alexander, Marjorie Bovard and Isabel Douglas.

A scribe badge went to Isabel Douglas and Miriam Wimer was presented with a treasurer's badge. Scholarship badges were presented to Emma Schuler, Muriel Zeitler and Isabel Douglas. Agnes Mae Baker will receive her scholarship badge later on.

As it is the custom of the troop to present a Girl Scout tie to the girl whose birthday falls on a troop meeting night, Emma Schuler received a yellow tie. Scout uniform was presented to Georgetta Singer for getting the most names for the scout quilt.

Two members of the troop committee were introduced to parents and friends of the girls, Mrs. John Wimer and Mrs. Earl Douglas. Mrs. W. H. Hanger and Mrs. Nell Clark, scout officials, were also introduced. Lieutenants Edna Raney and Wanda Hanna were given recognition also. The parents, friends and scouts then roasted marshmallows and spent the time informally until the meeting was closed by a song and taps. The troop will resume its work again in September.

Much of the success of the evening was due to the ableness of Captain Carlson and Lieutenants Raney and Hanna. Scribe, Isabel Douglas.
